- Multi-threaded application weaved music and sound effects

LEADERSHIP

Divergent Engineering

President

- Interdisciplinary Engineering org. focused on projects and diversity in engineering
- Mobilized a diverse 30-member organization to incubate a variety of engineering projects
- Coordinated inter-disciplinary student projects to develop a synergy of innovation and creativity

SKILLS

Languages

- Javascript
- HTML5
- CSS3
- C++
- Python

Technologies

- NodeJS
- MongoDB
- ReactJS
- PostgreSQL
- WebPack
- Vim
- Trello

Design

- Affinity
- Sketch
- Balsamiq

Methodologies

- Agile
- Scrum
